# ABOUT US

Big Brothers Big Sisters of London and Area has been creating life-changing mentorship relationships in our community for over 50 years. What began as a simple idea – matching youth with supportive mentors—has become a legacy of empowerment, resilience, and lasting change. BBBSOLA remains uniquely positioned in our community to support youth through preventative, impactful programming. Coming out of the pandemic, we are seeing record levels of isolation and mental health challenges.

## **Youth need us now more than ever**

Through intentionally matching a youth facing adversity (Little) with a caring mentor (Big), we are supporting the development of social & emotional skills, positive mental health, educational engagement and employment readiness, making a real difference for youth who needs us most.

# HELP US SAY YES!

For 50 years, we have received a large percentage of our annual funds from the United Way, but we are now facing a new reality. Due to increased demand in our community and a decrease in the overall funds available for United Way to distribute, the funding allocation model has changed. As a result, our most stable source of program funding has been reduced by 66% from \$380,000/year in 2020 to \$129,000/year in 2024. Our annual operating budget is around \$1M, so this represents a staggering 25% decrease in annual revenue. We are working tirelessly to sustain our funding levels and programming and have found some ways to recover.

## But we need your help.

Events like Big Bash help us to secure critical funds to support our core programs and bring us closer to our long-term vision of saying YES to every kid facing adversity in our community who needs a mentor. Your sponsorship can make a difference.
